Dear Michelle,

**HERITAGE IMPACT ASSESSMENT, PROPOSED RUSTY GATE MOUNTAIN RETREAT
ON FARMS 824, 826 AND 887 NEAR VILLIERSDORP, CALEDON DISTRICT,
THEEWATERSKLOOF LOCAL MUNICIPALITY**

HWC CASE 23100220

Regarding the proposed Rusty Gate Mountain Retreat development on Farm Nos 824, 826 and 887 near Villiersdorp, I can confirm that the proposed amendment to the original layout plan (see Figures 1 & 2), will not have an impact on local archaeological heritage resources, and that the findings of my original Heritage Impact Assessment (HIA) remain valid¹.

I also confirm that the proposed amendment will not require any changes or additions to the mitigation measures recommended in the original report.

Yours sincerely

Jonathan Kaplan

Director: ACRM
